

Alan Lane

April 5, 1961 - June 25, 2024

It is with heavy hearts that we announce the passing of Alan Lane, 63, of Wantagh, New York, who departed this world in Bay Shore, NY, on June 25th, after a brief battle with lung disease.

Born in Florida in 1961, Alan found his calling early in life. At the age of 17, he attended farrier school and embarked on a lifelong journey dedicated to his craft. His expertise extended beyond traditional farrier work, as he also provided specialized care for exotic animals. Alan's passion for his work was unwavering, and he couldn't imagine doing anything else.

Alan was an animal lover of every kind and could never walk by a dog without stopping to love on it. If there is one word that could perfectly describe our father, it would be "eccentric" He was an enthusiast of all things weird and crazy and could talk your ear off about them. Alan had a great sense of humor and even tried his hand at stand-up comedy, always ready to bring a smile to those around him.

Alan was preceded in death by his beloved parents, Bertram and Edith Lane. He leaves behind a loving family: his children, Kris and his wife Anna, Cody and his wife Briann, and Serenity and her husband Dalton; his cherished grandchildren, Dominick, Raegan, Hayden, Broox, Karson, and Levi, his lifelong friend Mike LaBarbera; and countless other friends and acquaintances who will miss him dearly.

Alan's unexpected passing has left his family, friends, and loved ones in a state of profound shock. He lived a vibrant life and had so much more to give.

We find comfort in knowing that Dad's legacy lives on through the lessons he taught us, the love he shared, and the memories we will cherish forever. His spirit will continue to inspire us, and he will always be remembered with love and admiration.

“ I will miss Alan very much. Friends as kids, reunited in 2008 and remained friends all this time. We got together several times in AZ and NY. I was happy to hear when he was finally able to put his responsibilities to his parents behind him, and he bought an RV and was looking forward to traveling around the country. I'm in such disbelief his ailment came out of nowhere and finally overwhelmed him. It is so sad, he was still so young. Those who go before us are kept alive in our memories. My sincerest and deepest condolences to Alan's family and fellow friends.

I knew Alan for almost 50 years as he was my first boyfriend. We have been in touch through the years including the day before he past away and I am saddened that I did not know about the funeral. If you have any information about the kids please share it with me.
