“ Oh Anne, I miss you so much already...our endless evening conversations throughout the years and your completely selfless help to me in the Design world is something I will never be able to thank you enough for. I love you with all of my heart and I will miss you every single day. I was your biggest fan and I know that you were mine. You have left us way too soon but I know that we will meet again in a beautifully designed world called Heaven. You will live on through your beautiful family.

“ Dearest Anne. Heaven will be a much more beautiful place with you there to redesign it! It is unbelievable that you are gone! May you rest in peace...
