“ Ted was one of the true icons of real estate here on Long Island. My own personal experience with Ted dates back to 1983 and we have stayed friends ever since. I so enjoyed reconnecting every year out in Montauk for the LIBDC conference. It will not be the same conference going forward. My heartfelt condolences to Ted's entire family.

“ I have very fond memories of my dealings with Ted
We go back a long time and enjoyed some great breakfasts at the Garden City hotel
We exchanged war stories and had great laughs together about old times
I will miss those breakfasts and his friendship
My deepest condolences to his family
Bob Catell

“ Ted was a great friend and mentor to me and a host of others on Long Island. I still remember our frequent breakfast meetings and what a joy it was to listen to his stories about the early days of LIBDC. Rest in peace. Mitch Pally

“ *My husband, my cheerleader, a friend who loved me unconditionally for 52 years of marriage. No one can replace you or our love. We raised a beautiful family and for that I will be ever grateful. Rest now*
